THE NEW CHELSEA GARDENS

Williamsburg is an area rich in history and tradition. So, when we decided to update Chelsea Gardens, we knew that would be our inspiration. The result is a new section that will have the look and feel of cemeteries from the past, but with modern conveniences, such as easily accessible pathways.

The New Chelsea Gardens will feature traditional burial sites with granite headstones, brick pathways, and an amazing landscape design. It will also include a new area called Harmony Estates, which consists of eight private cremation estates that gently flow around a scenic shrub-lined circle.

LOVE IS NEVER ENDING

That's why we dedicated more than 200 burial sites to couples. Now, you can show your companion how much you love them by reserving a beautiful final resting place, for both of you. By pre-planning, you'll also ease your family's emotional and financial stress in the event of your death.

To help you prove your love, we're taking up to \$2,000 off the regular price of any companion or family burial site in New Chelsea Gardens. That's an incredible savings and the best pricing we've ever offered on this type of property. For more information, please call or visit our website today.

TRADITIONAL HEADSTONES

The New Chelsea Gardens will feature traditional granite headstones in a variety of styles and colors.
